FORENSIC AUDITORS TELL SUPREME COURT

'Amrapali Siphoned Off Homebuyers' Money'

Auditors say only a fraction of money collected spent on projects

Samanwya.Rautray@timesgroup.com

New Delhi: The forensic auditors, charged by the Supreme Court to look into the financial affairs of real estate major Amrapali, on Wednesday told the court that the company seemed to have only used a fraction of money collected from homebuyers in its several projects and siphoned off the rest with help of internal auditors.

Amrapali's CFO said he doesn't remember anything while the relatives of internal auditors got flats in Amrapali's housing projects, the forensic auditors told a bench of Justices Arun Mishra and UU Lalit.

In another instance, some companies with very little net worth, owned by relatives of the internal auditors, got huge contracts, said the auditors, appointed by the top court to look at the money trail and retrieve it if possible.

Justice Mishra then ordered the forensic auditors to place a status report encapsulating their findings so far, so that Amrapali can react to the charges and the court can act against any erring Amrapali executive. The case will come up for further hearing on October 26.

"Relatives of the internal auditors (Anil and Ajay Mittal & Co) got flats without any consideration," the forensic auditors said. "The bankers, the authorities were all sleeping. No one would sign the contracts that the company signed," the auditors told the court.

They also suggested that the company's in-

Amrapali Group CMD Anil Sharma

ternal auditors may have been in cahoots with the company in siphoning off the money collected from homebuyers. "Money has been spent partly on the projects. Some has been transferred to other companies, sister companies, in some cases shell companies," the auditors said. In one instance, a company related to the internal auditors was giving contracts of crores of rupees over years, the auditors said. Justice Mishra then observed: "The auditors were on it". This, he said, would tantamount to professional misconduct. "The audit files will then be garbage."

"This is a big, sheer racket, which has to be unearthed," he said, hinting at recovering all the money by selling all of its leasehold properties should the forensic auditors fail in recovering the homebuyers' money. Amrapali is facing a cash crunch and has been unable to complete its projects.

Bajaj Auto Q2 Net Rises 3.6%

Mumbai: Higher raw material costs and aggressive pricing strategy for entry-level bikes overshadowed a strong all-around sales performance of Bajaj Auto for the September quarter which grew 3.7% missing the street's estimate. The company registered a net profit of ₹1,152 crore for Q2 of FY19 versus ₹1,112 crore profit after tax registered for Q2 of FY18—a rise of 3.6%.

A strong double-digit growth in two-wheelers, three-wheelers and exports drove revenue for Q2 FY19 by 22% to ₹7,986 crore. Bajaj Auto's aggressive pricing strategy in the domestic market and rising commodity prices, however, took the toll on the EBITDA margin.

The margins for the September-quarter were at 18%, shedding over 280 basis points over the same quarter last fiscal year. The earnings disappointed investors pulling down the company's share price by over 4% to ₹2,475.30 at the close of trade on BSE.

Reviewing the Q2 earnings of Bajaj Auto, Bharat Ghanani, Research Analyst at Sharekhan by BNP Paribas, said the operating results of Bajaj Auto Q2 FY-2019 missed his expectations. He stated the company's aggressive pricing strategy in the domestic motorcycle (entry segment) to regain market share and higher raw material costs took a toll on the margins of the company during the quarter. — Our Bureau

Rapeseed Meal

New Delhi: China has lifted the ban on import of rapeseed meal from India after opening doors to Indian non-Basmati rice, a move that will help reduce the burgeoning trade deficit between the two countries. Indian rapeseed and soya bean meal were banned in China in 2012 due to detection of contamination. Since then, India has been pursuing China to do away with the ban. "China has now removed the ban as there is growing acceptance to use Indian rapeseed meal as sources of protein used in animal feed," said an official in the know of the details. — Our Bureau
