### **GST Template for vendors and customer**

#### **Introduction:**

The introduction of Goods and Services Tax (GST) is a very significant step in the field of indirect tax reforms in India. GST will replace several Central taxes such as Central Excise, Service Tax, SAD, CVD, and State taxes such as VAT, CST, etc.

It would mitigate cascading or double taxation in a major way and pave the way for a common national market. From the consumer point of view, the expected biggest advantage would be in terms of a reduction in the overall tax burden on goods due to removal of cascading effect of taxes and availability of input tax credit in the supply chain.

The Constitution (101<sup>st</sup> Amendment) Act, 2016 enables levy of GST concurrently by the Union (as central tax - CGST) and the States & Union Territories (as State tax - SGST / UTGST). Accordingly, the Central Goods and Services Tax Act 2017 (CGST) has been enacted which is going to be implemented w.e.f. 01.07.2017. Similarly, State Governments / UT have also enacted State Goods and Services Tax Act (SGST) in respective States / UTs.

It may be observed that five petroleum products viz., Natural Gas, Crude oil, Petrol, Diesel and ATF have been presently kept out of GST regime and will come under GST in future on recommendation of the GST Council. Thus, existing legacy taxes viz. Central Excise, VAT, CST etc. will continue on these products and the customers may not be able to take tax credit.

#### **Who is required to be registered under GST:**

GST registration is required to be taken in following cases:

- a) Every person who is registered or who holds a license under an earlier law
- b) Every person whose turnover in a financial year exceeds twenty lakh rupees and in case of special category States turnover exceeding ten lakh rupees.
- c) Certain suppliers liable for registration without threshold such as :
  - i. Persons making inter - state taxable supply of goods and services

- ii. Persons required to pay tax under reverse charge
- iii. Casual taxable persons making taxable supply of goods and services
- iv. Persons required to deduct tax under section 51 of CGST Act.
- v. Persons making taxable supply of goods or services on behalf of other taxable persons whether as an agent or otherwise.

Further, a taxpayer with an aggregate turnover in a financial year up to Rs.20 lakhs would be exempt from obtaining registration and charging GST from customers. For this purpose, aggregate turnover shall be computed on all India basis. Further, for Special Category States, like those in the North-East and the hilly States, the exemption threshold shall be Rs. 10 lakhs. All taxpayers eligible for threshold exemption will have the option of voluntarily get registered and charging tax on supply of goods and services, with benefit of taking input tax credit (ITC) on inward supplies. Taxpayers making inter-State supply of goods and services or liable to pay GST on reverse charge basis shall not be eligible for threshold exemption. Input Tax Credit of GST paid will not be available in case the vendor has not paid GST to the Government or has not filed the returns.
